

MDS-ES Tremor from Basic Science to Clinical Diagnosis and Therapy
September 18-19, 2026 | Salerno, Italy

DAY 1: Friday, September 18, 2026	
TIME	LECTURE
13:00 – 13:30	Course Registration
13:30 – 13:35	Welcome <i>Paolo Barone</i>
13:35 – 13:45	Introduction from Course Directors <i>Roberto Erro and Kailash Bhatia</i>
Session 1: From Bench to Bedside 2.0 Chair: Marina de Koning-Tijssen	
13:45 – 14:05	Physiology and Brain Circuits <i>Rick Helmich</i>
14:05 – 14:25	Clinical Assessment of Tremor <i>Kailash Bhatia</i>
14:25 – 14:45	Clinical Neurophysiology and Wearables Devices for Tremor Evaluation <i>Anna Latorre</i>
14:45 – 15:05	AI Implications for Tremor <i>Roberto Erro</i>
15:05 – 15:25	Panel Discussion <i>Rick Helmich, Kailash Bhatia, Anna Latorre, Roberto Erro</i>
15:25 – 15:45	Coffee break
Session 2: Clinical Aspects – Part 1 Chair: Anna Latorre	
15:45 – 16:05	(Pragmatical) Overview of the Tremor Classification <i>Roberto Erro</i>
16:05 – 16:25	Tremor in Parkinson’s Disease: From prodromal to advanced stage <i>Matej Skorvanek</i>
16:25 – 16:45	Essential Tremor and Essential Tremor Plus <i>Franziska Hopfner</i>
16:45 – 17:05	Tremor Combined with Dystonia <i>Francesca Morgante</i>
17:05 – 17:25	Panel Discussion <i>Roberto Erro, Matej Skorvanek, Franziska Hopfner, Francesca Morgante</i>
17:25 – 17:35	Break
Session 3. Interactive Video Presentations	
17:35 – 18:35	Cases from Faculty <i>Marina de Koning-Tijssen and Francesca Morgante</i>
18:35 – 18:40	Concluding Remarks <i>Roberto Erro and Kailash Bhatia</i>
18:40 – 20:00	Networking Event <i>Location TBD</i>

DAY 2: Saturday, September 19, 2026	
TIME	LECTURE
Session 4: Clinical Aspects - Part 2 Chair: Marina Picillo	
9:00 – 9:20	Jerky or Shaky: Differential diagnosis of tremor-look alike <i>Marina de Koning-Tijssen</i>
9:20 – 9:40	Genetic Tremor Syndromes <i>Matej Skorvanek</i>
9:40 – 10:00	Rare Tremor Syndromes <i>Petra Schwingenschuh</i>
10:00 – 10:20	Functional Tremor <i>Francesca Morgante</i>
10:20 – 10:40	Panel Discussion <i>Marina de Koning-Tijssen, Matej Skorvanek, Petra Schwingenschuh, Francesca Morgante</i>
10:40 – 11:00	Coffee break
Session 5: Therapeutic Approaches Chair: Franziska Hopfner	
11:00 – 11:20	Pharmacological Approach to Parkinson Tremor <i>Matej Skorvanek</i>
11:20 – 11:40	Pharmacological Approach to Non-Parkinsonian Tremor Syndrome: From current practice to drug in development - Petra Schwingenschuh
11:40 – 12:00	Alternative Treatments for Tremor: Botulinum toxin, prosthetic, non-invasive brain stimulation - Rick Helmich
12:00 – 12:20	Surgical Treatments for Tremor: DBS and MRgFUS <i>Marina Picillo</i>
12:20 – 12:40	Panel Discussion <i>Matej Skorvanek, Petra Schwingenschuh, Rick Helmich, Marina Picillo</i>
12:40 – 13:40	Lunch
Session 6: Gaps and Controversies Chair: Roberto Erro	
13:40 – 14:00	Essential Tremor Plus, Dystonic Tremor, Tremor-like Jerky Dystonia: What a difference a name makes - Kailash Bhatia
14:00 – 14:20	Aging-Related Tremor: Does it exist? <i>Franziska Hopfner</i>
14:20 – 14:40	Adaptive DBS for Tremor Syndromes: Hype vs hope? <i>Marina Picillo</i>
14:40 – 15:00	Panel Discussion <i>Kailash Bhatia, Franziska Hopfner, Marina Picillo</i>
15:00 – 15:10	Break
Session 7: Interactive Video Presentations	
15:10 – 16:10	Cases from Faculty <i>Kailash Bhatia and Anna Latorre</i>
16:10 – 16:30	Concluding Remarks <i>Roberto Erro and Kailash Bhatia</i>

The MDS-ES Tremor from Basic Science to Clinical Diagnosis and Therapy course has been endorsed by the following organizations:
